# Greg Stevens

Now offering & seeking talent....Full Stack, Laravel, Statamic, PHP, JS, Linux Web Server Admins, Cloud Engineers, DevOps, git, etc...

Okotoks

## Summary

// todo: Update (2?) year old info @greg (2021-05-08)

Professional Computer Geek, Type 1 Diabetic, Proud Father, Occasional Powerlifter, Meetup Addict.

I manage Linux servers, create websites, integrate services, and create systems to help keep that under control.

Website Hosting, Development (PHP, JS, CF), Project Management, DevOps.

Favourite tools include Evernote, Sublime Text, git, Opera, and several others.

Favourite lift is the squat.

Android over iPhone.

Feedback welcome (how am I supposed to summarize myself?!)

---
